School Board And E. C. Ansley Fail To Reach Agreement On Teachers' Salary Schedule

Mr. Ansley Drops Teachers' Demands Of \$600 Across The Board To \$300; Board Refused To Move From Original Offer Of \$150.

Last Saturday morning Mr. Eric C. Ansley, secretary of the Alberta Teachers' Association, arrived in Coleman to meet the school board and discuss the new salary schedule asked by the teachers. Mr. James Cousins, chairman of the local negotiating committee, was present when Mr. Ansley met the Board. Due to Trustees Witkie and Bomben being out of town the Board was represented by Chairman George Evans and Trustees D. Holly and M. Cornett.

The teachers' original demand had been a straight \$600 across the board. However Mr.

Ansley asked that a \$300 increase be granted. The Trustees refused to change their original offer of \$150.

While the present deadlock may ultimately mean the setting up of a conciliation board it is reported that Mr. Ansley refrained from committing himself on that point and told the Board that he would correspond with them this week on the matter.

While no headway was made on the salary question the Board and Mr. Ansley took the opportunity of discussing points pertaining to teaching and moves contemplated for the future.

Horace Allen New Lions Club President

Installation of Officers Took Place at Monday Night's Meeting.

Horace Allen was installed into office as president of the Coleman Lions Club on Monday evening succeeding Arthur E. Graham.

Retiring President Graham expressed thanks to the key officers who had so ably helped him administer the affairs of the club during the past year.

Immediately upon assuming office the new president called upon the membership to exert greater effort in raising funds for community activity. He scheduled a directors' meeting for next Monday evening at which time discussion will take place on a proposed carnival to be held this fall.

The club decided that should it be asked by the Rodeo committee to supervise the catering on Rodeo Day that the invitation would be accepted.

Dr. E. Aiello who had been scheduled to speak on cancer research was prevented.

Mrs. John Gouding is aiding at the town office to get out assessment and tax notices.

VACATION TIME IS HERE

Judging from the three heavily loaded Greyhound busses which pulled up to the depot Monday afternoon vacation time is here.

The highway west is fast being repaired and only the Homer bridge is still a casualty of the recent floods. A temporary bridge has been constructed at Homer and according to reports only light traffic was being allowed over it up to Wednesday, yesterday. It has now been strengthened sufficiently to allow normal traffic to flow over it without delay.

Choral Society Scores Success In First Concert

(W.J.C.)

The Coleman Choral Society made its first public appearance in the high school auditorium on Thursday, and Friday June 10 and 11. Organized in March of this year under the direction of Mrs. Frank Duncanson, the group must have put forth a prodigious effort to present such a fine concert. Drawing on all sections of the community and with a good many younger singers to help out the more experienced artists, the choir showed much promise.

The choir opened with three nicely contrasted numbers and appeared three more times on the program with such favorites as Gounod's Soldiers' Chorus; Flow Gently Sweet Afton; Mighty Like a Rose and All Through the Night, interspersed with madrigals and closing with Myddleton's rhythmic "Down South".

Both Mayor Aboussay and Vice-Principal Horace Allen acted as chairman on the consecutive evenings congratulated the group on its efforts and stressed the value of a choral group to the town and more important still, the necessity of having a community building large enough to house such functions.

The balance of the program consisted of solos and small groups of singers. Danny Franer, Millie Bubniak, Julius Baruta and Juanita McDonald, four young singers, delighted the audience with their offerings, while Alf Phillips was also a treat to Coleman people in his

Witwicki Death Accidental Says Coroner's Jury

Evidence Reveals Car Had Gone Off Track Ripping Out Three Sets of Timber Which Had Permitted Rock To Fall On Deceased.

Coroner Don McPherson and a jury of six heard evidence on Wednesday night pertaining to the fatal injury received by Wm. Witwicki, 23, in McGillivray mine at 12:30 Wednesday morning and brought in the following verdict: "Wm. Witwicki came to his death on June 16 at 12:30 a.m. on No. 5 level, chute 45. Death was from a fractured neck as a result of fallen rock caused by the derailment of a mine car."

Dr. Aiello stated that upon examining the deceased at the mine head he could find no outward sign of injury and surmised that it must have been a high cord injury to the neck or back. His evidence was confirmed by Dr. Stewart who had performed an autopsy on the deceased. He found death due to a fractured vertebrae of the neck.

Mine surveyor A.E. Graham submitted a blue print of the scene of the accident and explained it in detail. One car had gone off the track and 3 sets knocked out. The rock had fallen from above the car. W. Godfrey, mine laborer, told of being in the same car as three other men including deceased, On No. 5 level near 45 chute the car had gone off the track. He shouted and signalled with his light to the dinky driver to stop and jumped from the car as the rock started to fall. He returned to the car when it stopped and began to clear away the debris, aided by dinky driver Steve Panek. He estimated 14 to 2 tons of rock had fallen.

In reply to questions witness estimated the accident had occurred at 12:30 a.m. and that it had required 15 to 20 minutes to clear the debris in the car. Two men had been shaken up while no response was received from the third.

Steve Panek, dinky driver, told of hearing the boys voices shouting that the car was off the track. He was already stopping when he saw Godfrey's signal. He saw the car brush the low side set out, and saw the debris fall. He saw Godfrey jump out of the car. He ran to the aid of the men and found quite a bit of rock in the car. He lifted a large slab of rock weighing approximately 400 to 500 pounds which covered the men. Two men crawled out and Godfrey pulled out deceased. The latter failed to respond to First Aid and he was eventually taken to the surface. He stated neither the dinky, which was ahead of the car, nor the car which followed the derailed car went off the tracks, despite the fact they went over the same section of track.

Henry France established the time of the accident and the time deceased was brought to the surface.

Liquor Vendor Mr. Cecil Coover is on three weeks vacation. He is being relieved by Mr. George Robinson, of Lethbridge.

Rodeo Committees Organize For Big Show July 31; Rodeo Queen Contest Will Again Be Sponsored

Coleman Is Last Town On Circuit And This Show Will Determine Winners Of \$1,800 In Special Awards; Western Canada's Top Ranking Cowboys Scheduled To Compete.

Rodeo committees were chosen at a general meeting of the Rodeo executive held on Tuesday evening. L. S. Richards presided.

It was revealed that a large number of cowboy entries are anticipated this year due to the fact that Coleman is again the last Rodeo on the southern Alberta circuit and the local show will determine the final standing of the cowboys competing in the various events for the \$1800 special cash prizes plus trophies. In addition there will be the regular money prizes offered by the Coleman Rodeo.

Coleman Pipe Band and Michel-Natal brass band will be in attendance. In addition to these bands an invitation is being extended to the Cranbrook High School Girls' Band of fifty pieces which specializes in precision drill exercises while playing.

The Rodeo Queen contest was so popular last year that it will again be sponsored. Jim Drew, Harry Weltens, John Gillespie and Tom Holstead were appointed to the committee to administer the contest. Local organizations will be asked to sponsor a Queen and support her in the sale of tickets. Handsome prizes will be given the Queen and her Ladies-In-Waiting who will be those in runner-up positions.

The task of securing admission from every person who steps inside the Rodeo grounds will be in the hands of Alphonse Tiberghien and Edgar Allen. They also have the services of a great many men to patrol the fence and prevent cheap sports from cutting the wire and permit-

ting others to crowd through the break and onto the grounds gratis.

The fine job done by the Canadian Legion during the past two years at decorating the streets was commented upon and the job was again given the Legion. In addition it will be the responsibility of the Legion committee to secure the co-operation of the merchants in decorating their windows in appropriate style.

The Lions Club which has administered the big job of catering were again given this assignment. It is understood that St. Paul's Woman's Association will be asked to cater on Rodeo Day as it has done in the past.

Publicity was placed in the hands of A. Balloch who was authorized to appoint his own committee.

Parade Chairman will be Jim Witkie who is also vice-chairman of the Rodeo executive.

Some doubt exists regarding the Saturday night show. Mr. Richards is negotiating with an entertainment company known as Prairie Concerts. However while promises have been made no contract has been signed between the company and the Rodeo committee.

It was agreed by the general committee that Mr. Richards secure definite knowledge of the company's intentions by this week-end and that should he fail to receive them that an alternate attraction be planned as quickly as possible. Coleman Elks will be invited to supervise the night show.

Wm. Noton was appointed chairman of the program committee.

Work Starts On Flumerfelt Park

Community Spirited Citizens Offer Free Use of Machinery; Continued Rain Delays Progress.

Rain, constant rain, is the sole reason for the halt in the work to beautify the entrance to Flumerfelt Park.

The ground has been graded from the southern portion of the old tennis courts right back to include thirty feet of the former "upper" courts. On Sunday the tennis club had several members, who are engineers, out with their instruments to survey the ground and prepare the ground for the new fill of shale.

Mayor Frank Aboussay has been elated at the magnificent response of Community minded citizens who have come forward and offered gratis the facilities of heavy machinery and trucks with which to construct the new tennis courts and park.

General Manager J. J. McIntyre has donated a number of wood benches to the council for the new park in order that citizens may relax on a pleasant evening and watch tennis games or youngsters frolicking in the park.

Wm. Witwicki Killed In Mine Accident

Born In Lethbridge In 1924; Killed By Fall Of Rock

Wm. Witwicki, 23, was fatally injured at approximately 12:30 a.m. Wednesday in No. 5 level at McGillivray Creek mine.

Deceased was born August 17, 1924, at Lethbridge where his parents reside. It is understood that he had been residing with an uncle and aunt in East Coleman during his employment at the local mine.

RODEO QUEEN CANDIDATES WANTED

At a meeting of the Rodeo Queen committee on Wednesday evening it was decided to throw the Rodeo Queen contest wide open by inviting any local organization desiring to sponsor a queen candidate to do so.

The candidate's name must be submitted to chairman Jim Drew at the Liquor vendor's store, on or before Monday evening, June 21.

Letters Of Thanks From Coleman Veterans

Letters of thanks are still being received from Coleman veterans who have received the gifts of plaques and wallets from the citizens of Coleman.

Two letters have been returned to secretary Adam Wilson as he makes a vain attempt to track down Tex. Larimore and W. S. Vollendorf. On Monday morning the letter sent to Trill, B.C. for Mr. Larimore was returned unopened and the letter to High River for Mr. Vollendorf was returned at the weekend.

Malcolm Smith's whereabouts have been traced to Scotland and his gifts will be sent there. The whereabouts of J. McCulloch and J. Koutsy are still unknown. It is thought the latter may be a Hillcrest man who may have joined up in Coleman. A Mr. Koutsy operates the Canada Cafe at Hillcrest and he will be approached this week in an effort to determine if he is the man being sought.

Following are the letters received during the past two weeks.

Dear Sir:
I received the plaque and wallet, two gifts that make a fellow justly proud of Coleman and the grand work the citizens have done for their veterans.
I wish to take this opportunity to convey my sincerest

thanks and appreciation to the citizens of Coleman and especially the members of Coleman Reception and Rehabilitation Committee who have devoted their time and energy so unselfishly for the members of the Armed Forces. Wishing you all the best . . . O. Hirsch.

Dear Sir:
I wish to extend sincere thanks to the citizens of Coleman for the attractive plaque and billfold received . . . Bernard J. McDonald.

Dear Sir:
I had contemplated thanking you personally but unwarranted circumstances have prevented that pleasing procedure.

Of all the veterans to whom I have spoken Coleman's effort hasn't been surpassed.
Many thanks and my best wishes to all . . . Foss Boulton.

Dear Sir:
I received the lovely plaque and wallet a few weeks ago and would like to express my sincerest thanks to the citizens of Coleman for these lovely gifts.
I display these gifts to my friends with great pride as to what my home town did for their service men and women. Thanking you again . . . T. H. Flynn.

Dear Sir:

I have finally got around to writing a letter of thanks to you and the people of Coleman for the very nice plaque and pocket book.

I think it was a very good idea and the people here who have seen them say that it is more than the people of Hamilton gave their men.

Thanking you all and the best of luck . . . George Burchell.

Dear Sir:

I received the very lovely bill fold and plaque several days ago and at this time wish to thank the citizens of Coleman for their thoughtfulness.

It is indeed a wonderful feeling to know you are remembered by those in your old home town and especially when they show it in such a way Coleman has.

Thanking you all once again and wishing everyone the best of luck . . . Bill Leler.

Dear Sir:

I wish to thank you and the citizens of Coleman for the plaque and wallet which they have so kindly presented me. I must apologize for not answering your letter sooner. J. Stanleyewski.

Vindication Of Dieppe

WHILE THE INVASION OF DIEPPE, in which the Canadian Army played a major part, occurred in August, 1942, it has continued to be a subject of interest in this country, and there are many who have never been fully satisfied as to whether the operation was worth the cost of the many lives which were lost in it. Recently, further light was thrown on the matter, when the official story "The Canadian Army in the Second World War" was published by the Dominion Department of Defence. Two chapters of "The Canadian Army, 1939-45" written by Col. Charles Stacey, Director of the Historical Section of the General Staff, deal with the Dieppe operation, and give many facts which show that while the operation in itself was a failure, invaluable information was gained, which contributed much to the success of the invasion of Europe on "D" Day.

New Reasons For Failure

Not only was useful information gained, but the operation was of further value because, in view of their success in repelling it, the Germans believed that they could successfully beat back any invasion of the beaches. Events following "D" Day demonstrated that the Germans had been misled by the attack at Dieppe into believing that the tactics they employed there would ensure their hold upon the continent. While most of the events of the operation have previously been published, some new information has been made public in the story published by the Defence Department, which show more clearly why the attack failed. One of these was that it was decided not to provide heavy bomber support. "The elimination of this air bombardment removed from the plan the only element of really heavy support contained in it" the author states.

May Be Proud Of Undertaking

Another point of interest not hitherto emphasized was that Major General J. H. Roberts, Commander of the Second Canadian Division, was hampered by "limited and frequently inaccurate information," reaching him at his headquarters aboard a destroyer, concerning events on the shore. One extremely exaggerated report of successes on the main beaches decided him to land his floating reserve, which raft into withering fire. That there was some error in planning the attack is suggested in the part of the report which says: "It is difficult to avoid the conclusion that the planners underestimated the influence of topography and of the defensive works known to be numerous in the target area." In spite of these things, the value of the operation in planning the "D" Day invasion of 1944 has never been seriously questioned. In referring to that aspect of the event Col. Stacey writes, "That much criticized undertaking has made an essential contribution to the success of the most momentous operation of war ever attempted." For that reason, we may feel pride in the part played by the Canadian army in the attack, in spite of the fact that it was a costly failure.

FEED GRAIN EXPORTS BANNED IN B.C.

WINNIPEG.—The wheat board announced that export permits for shipment of oats, barley and mixed feed oats from British Columbia would not be granted until there is an improvement in supplies of feed grains on the west coast.

At the present time there is a heavy demand for feed grains in B.C. caused by flooding of pasture land and also by several railway connections with prairie shipping points where feed grains are stored.

FAMILY COW KEEPS PIANIST'S FINGERS NIMBLE
CAPEVILLE, Tenn. — Twelve-year-old William Ellis says he owes his musical talents to the family cow.

More than a year ago Bill's father suggested that the son milk the cow to keep his fingers nimble for the piano. Bill agreed, although he suspected that his father merely wanted to pass on the chore.

"But," says Bill, "that cow's been keeping my fingers in shape. Now my three sisters want to help with the milking."

DISCIPLINE NEEDED
VANCOUVER, B.C. — Hon. C. D. Howe, trade minister, said there would be no reason to fear further rising prices if Canadians would submit to the same discipline in practice that they supported in wartime.

'Gully Erosion' Threatens Prairie Farm Lands

Here is the extreme results of "gully erosion" which threatens many thousands of acres of prairie farm lands. This field was bare summer fallow, with a loose topsoil, which resulted from many cultivations last year. This may be largely eliminated by the use of chemical weed control, which is believed to be an important development in the battle against gully erosion.

(Central Press Canadian)
SASKATOON, Sask. — A party of top-flight farm scientists met at Birch Hills, Sask., to consider one of the gravest problems that has yet confronted western agriculture. In an area of good land, where bumper wheat crops have been the rule for the past several years, the land is sick and in danger of a slow, lingering death. Water erosion, the cause of the "sickness," created the problem which the scientists are trying to beat.

Up in the Birch Hills country, and countless other places where the prairie land rolls in great sweeps, broken here and there by sparse poplar and birch groves, the problem is acute. The rolling land, stripped of its protective cover of grass, shrubs and trees, then worked for years on end, becomes susceptible to running water, which courses down bare hillsides, gouging out deep gullies, carrying down the priceless thin covering of topsoil, leaving the rocks and gravel showing.

Nature saw to it that the prairie bush country was protected against water erosion, but when man removed the protective mantle, he bumped into plenty of trouble. Nowadays, where rolling land has been cleared and cropped, the farmer is almost certain to face the problem in a year of heavy spring runoff, or during a heavy rainstorm in the summer when the land can't soak up the water as quickly as it falls, and it follows its natural tendency to run to a lower level.

The scientists at Birch Hills came to two important conclusions. One was that the land must be managed so that it has a protective covering of stubble or grass at all times during which it is vulnerable to water erosion, and that some radical reduction of cultivation is needed.

But a rich soil produces good crops of weeds as well as useful crops, and farmers have found it necessary in the past to cultivate summerfallow six, seven and even more times during the summer to kill off fresh growths of persistent weeds, which sap the soil moisture, choke out crops.

New Theory

That was the old way, but this year will see a new theory tried in the prairie provinces, and a lot of cultivation eliminated. Great hope

of many a farmer who wants to save his good land for generations yet to come lies in the new chemical method of weed control, by means of selective herbicides, such as 2, 4-D. Where susceptible weeds appear on summerfallow, it is possible to destroy them with a series of heavy applications of the "wonder chemical," eliminating the need for frequent disking or cultivating. After a crop has been taken off in the fall, it is thought that the protective stubble can be left, and the next season's weed growth dealt with largely with chemical sprays.

Probably the chemicals won't entirely eliminate the need for cultivation. But a few weeds which are fairly resistant to 2, 4-D can be dealt with otherwise, without too much disturbance of the soil surface and its protective cover.

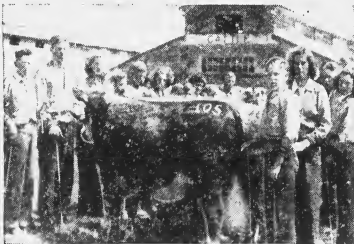

FARMERS RECEIVE 700,000 TAX GUIDE BOOKS

OTTAWA. — Hon. J. J. McCann revenue minister told the commons 700,000 special income tax guide books have been placed in the hands of Canadian farmers.

Dr. McCann recalled his March announcement that farmers who report tax income based on cash actually received and cash expenses actually paid out during the calendar year would not be required to fill out the net worth statement on the new 1947 prairie farmers' or farmers' return.

"Those farmers who reported income on an accrual basis for tax purposes will be required to submit a statement of assets and liabilities as heretofore or to complete the appropriate parts of the net worth statement." Where the department cannot obtain sufficient information by any other means, it may require a further statement which in many cases may actually be the net worth statement. This would apply for any year for which sufficient information is not available.

The guide book had two purposes. It gave the farmer a sample book for the purpose of recording his income and expenses in such a way as to facilitate the accurate completion of his returns. It also answered questions.

BABY BEEF CLUB—This line-up is the Saltcoats, Sask., Baby Beef Club, which won five out of the eight main classes for juniors at the recent Yorkton Fat Stock Show and Sale. In the foreground is Lorne Neil with his champion Hereford steer, which brought him over \$500, at 54 cents a pound. There were 11 clubs competing at Yorkton, and the photo was made during the judging of groups of 10, when there were 110 fine calves in the ring.

THE TITLERS

—By Les Carroll

Three Prairie Provinces Good Oil Prospects

EDMONTON. — In Manitoba, the southwestern corner of the province is thought to be a possible oil producing region. In Saskatchewan, the entire southern half of the province is underlain by sedimentary rock favorable for oil exploration but in Alberta virtually the entire province is considered by oil men to consist of potential oil land.

The exploration programmes of major Canadian and United States oil companies this year reflect directly the oil potential qualities of the three prairie provinces. There is some exploration planned and underway in Manitoba, more intensive exploration in Saskatchewan but the great majority this year will take place in the Province of Alberta.

Estimates by informed oil men vary greatly on the amount of money that will be spent in Alberta this year. These estimates range from \$30,000,000 upwards. Imperial Oil has announced that Henry H. Hewitson, president of his company will spend \$20,000,000 in Alberta in 1948.

Protect them with Green Cross Garden Guard, which contains 50% more rotenone than ordinary dusters. Deadly to insects, but non-poisonous to humans, it's especially suitable for vegetables. 1 lb. size comes in a handy pump gun.

NOTES AND COMMENTS

Congratulations

Congratulations are in order to the business and professional men of Blairmore upon the organization of a Chamber of Commerce in that town.

A Chamber of Commerce is a wonderful asset to any community providing it has an aggressive group of leaders who have the interests of the town and district at heart and who strive to constantly improve its civic, cultural, and to some degree, industrial life.

We wish the Blairmore Chamber many years of progress.

HEALTHY COMMUNITY SPIRIT

Coleman is most fortunate in having many community spirited citizens. This treasure trove has only been discovered in recent years, first when a few men took upon themselves the gigantic task of building a curling arena, again when the Rodeo was sponsored which in itself requires a miniature army to administer its many departments.

Now comes the beautification of Flumerfelt Park. No sooner was the idea made public before His Worship the Mayor was approached by prominent citizens offering gratis the facilities of heavy machinery and trucks with which to do the work. In addition local organizations have gone on record to donate manual labor which will be necessary to smooth off the rough edges left by the machines.

With such co-operation Coleman cannot fail to become a healthy community, healthy in spirit and containing the proper environment for its youth.

Latent Talent

We must give recognition to the sponsors of Coleman's Choral Society which last week appeared for the first time since its recent organization to give two splendid concerts.

These few men and women desired to enrich Coleman's musical culture through the organization of a Choral Society. They prevailed upon a number of our youth and some of the older citizens to organize a choir and have blended the whole into a very creditable chorus. Hard and diligent work during the last three months on the part of the sponsors and chorus members was seen in musical splendor last Thursday and Friday evenings.

Fortunate is the community who receives within its borders capable leaders who themselves possess talent, initiative and the ability to organize and bring to light the latent talent which is possessed by so many of our young people. Mrs. F. R. Duncanson is such a leader and her tireless effort and constant encouragement has resulted in a local choir of which the community is very proud.

David Jones Associated With Edmonton Law Firm

The Journal is indebted to Miss Elira T. Jones for the following information pertaining to her brother David Jones who only recently was admitted to the Alberta bar.

"Of interest to residents of the Coleman district was the ceremony performed in Supreme Court at Edmonton on May 30, when David Charles Llewellyn Jones was admitted to the Alberta bar. David is the only son of Mr. Elias Jones, of Drumheller and formerly of Coleman, and the late Mrs. Jones.

"David was born in Wales and came with his parents to Coleman at the age of six. He received his public and high school education there.

"In 1941, after graduating in Arts, he joined the RCAF. For two of the four years he was in the service he was on loan to the RAF.

"After his discharge in 1945 he resumed his university training and graduated in law in 1947.

"David, introduced by George Steer, Edmonton barrister with whom he articulated, was admitted by Mr. Justice O'Connor.

"In admitting David, Mr. Justice O'Connor said his war service and his work in the mines showed he was a young man who could be expected to make his mark in the field of law.

"He will remain with the law

firm of Milner, Steer, Poirier, Martland and Layton.
"David, his wife and two children are at present residing at 9214 Connors Road, Edmonton."

Progress Being Made At The Palace Theatre

Anticipate Building Being Ready Within Five or Six Weeks.

Good progress is being made in the construction of the new Palace Theatre and a fairly large gang of men have been working steadily daily.

The steel frames and the iron sheeting are in place. The brick layers at the Municipal hospital having practically finished that assignment were able to spare a few men to lay the brick work at the front of the theatre. This week the Johns Mansville insulation was being placed on the interior walls.

Mr. Purnell sr. informed The Journal on Monday morning that he expected the theatre would be about ready in five or six weeks. He based his guess on the hope that material and equipment would be received as promised.

COLEMAN'S LICENSE PLATE NUMBERS

School vacation will commence within the next three weeks and summer vacation time for all will go into high gear.

In keeping with past years The Journal once again publishes the Coleman car license serial numbers so that former

Colemanites might clip them out and keep them in order that when they see an Alberta license far from the Foothills province they can determine whether it is from the home town or not.

The numbers are:
47-501 to 47-850
and
99-250 to 99-350

Sea Plane Lands On Crows Nest Lake

Bad Flying Conditions Over Waterton Lakes Forced Landing Here.

A twenty-three passenger Stranear Flying Boat landed on the Crows Nest Lake, west of Coleman, at 5 p.m. Tuesday. The plane is owned and operated by the Queen Charlotte Airlines and was piloted by Mr. R. Spilsbury, accompanied by Mr. Nairn, both of Vancouver.

Flying from Vancouver to Montreal the regular landing was to have taken place at Waterton Lake but due to poor visibility it was forced to turn back and land here. The flight was scheduled to continue as soon as gasoline supplies were brought from Lethbridge.

In an interview with The Journal Mr. Spilsbury, captain of the flight, stated that Crows Nest Lake was much more suitable for landing flying boats than Waterton. He explained the lake was large enough to land a four-engined plane without difficulty and due to the continual breeze over the lake there is little danger of the lake fogging over to prevent safe landings.

Mr. Spilsbury stated he was going to suggest to his company that Crows Nest Lake be used as a regular refueling depot.

MORE....

HOMES

MORE....

MINERS

MORE....

WEALTH

...

Canada is said to be rich in natural resources. She is, but, to attain real wealth Canada must develop those resources... bring them out of the ground and condition them for the markets of the world.

THIS AREA is rich in coal deposits, but to attain real wealth we must bring the coal to the surface and ship it to Canadian markets.

COAL IS MINED BY MINERS. They must have homes for themselves and families before they can be expected to come to this area.

COLEMAN SHOULD MAKE AN EFFORT to accommodate more miners, more families, build up a greater community to produce more wealth for itself and for the nation.

Coleman Requires More Homes... More Miners!

How Smart Are You?

Check Your Answers to These Questions With the Score Below

1. Q—When is a shopping trip not a shopping trip?
A—When you save time, steps and money by shopping through EATON'S Mail Order Catalogue.
2. Q—How can a mail order shopper be sure of satisfaction?
A—By writing to EATON'S, where everything is sold with the guarantee—"Goods Satisfactory or Money Refunded, including Shipping Charges."
3. Q—Is it possible to have even greater, thrifter ease in Mail Order buying than by writing from home?
A—Believe it or not, yes. EATON'S has Order Offices in many towns and cities, where the staff will make out your order, forward it, and let you know when the merchandise is received.

Score: Count 5 for each question.
5—You're good.
10—You're better.
15—You're an EATON'S customer, which speaks for itself.

Roofs and Eavestroughs Wear Years Longer with

IMPERIAL ROOF PUTTY FLUX...

This liquid asphalt has many uses on the farm. Easy to apply, it coats your roofs and eavestroughs with a hard, tough, weather-proof surface that is fire-resistant. Cracks are filled, rust and leaks prevented. Imperial Roof Putty Flux has unusual filling, sealing and coating qualities that protect surfaces, prolong life, and save on repairs. Here are some of its many uses:

- Protects metal and felt roofs and eavestroughs.
- Waterproofs troughs and cisterns.
- Caulks window frames.
- Preserves bases of granaries and granary skids.
- Preserves fence posts and well cribbing.
- Waterproofs cement foundations.

Coleman Dominoes Sweep Double Header From Calgary

Bill Skura Pitched No-Hitter; Win By Scores of 9-3 and 16-5

Coleman Dominoes scored 9-3 and 16-5 victories over Calgary Ingleswoods in two exhibition fastball matches played at the local ball field on Sunday afternoon and evening.

"Big Bill" Skura, ace hurler of the Dominoes, was in rare form in the afternoon tilt as he held the Ingleswoods hitless. The 3 runs scored by the visitors were scored from a combination of walks and wild pitches.

Hudiz, Gianlorio, Skura and Hirling paced the Dominoes in batting in the afternoon match.

In the evening match Trevor MacDonald held the visitors in check to score a well earned victory.

Bill Skura's power-hitting was a feature of the match. The two teams appeared evenly matched until Coleman scored nine runs in the seventh inning to make the match one-sided.

Teddy Kryczka's homer in the second inning was the only home run of the series.

The visitors presented a fine fielding infield but numerous outfield errors were very costly, particularly in the evening match.

...V...
**COLEMAN CUBS 13,
BLAIRMORE C.C.'s 8**

By virtue of a 13-8 win over Blairmore C.C.'s at Blairmore on Sunday afternoon, June 13, Coleman Cubs assumed sole leadership of the C.N.P. Baseball League.

Coleman outlived Blairmore 14-8 and committed three errors to six by their rivals, to score a well-earned victory.

"Stumpo" Kimoto on the mound for Coleman struck out eleven Blairmore batters to score his second straight victory against no defeats.

The two clubs will oppose each other at the Coleman Diamond on Sunday, June 20.

...V...
**MORE TROUBLE
FOR ANDY**

Mr. Andy Montalbetti, C.P.R. roadmaster for this district, definitely ranks among the most overworked men in the Pass this Spring.

The C.P.R. has been most unlucky this spring on this section of its track due to flood conditions and accidents. This week-end Cowley again gave trouble when a mud slide threatened to disrupt traffic. Andy and his crew were called to the scene to make repairs and take measures to prevent serious damage.

...V...
THE BATTLE OF MUD

The survey crew which is surveying the proposed roadway through the Pass timber areas for the Eastern Rockies Forestry Conservation Board is now engaged in the "Battle of The Mud."

Earlier this spring the crew members were hampered by heavy snow conditions in the forest. Today constant rain has melted the snow in great degree and the ground is soft and very muddy. However continued progress is being made and the weather man is expected to provide more favorable working conditions very soon.

...V...
**CHILDREN DESTROYED
BEVERIDGE'S GARDEN**

On Saturday afternoon a youngster entered the garden of Mr. and Mrs. A. Beveridge on Sixth street and ripped off lilac bushes and buds in addition to pulling the tulips and a number of bulbs out of the ground.

Mr. Beveridge, who makes gardening a hobby and spends money, time and effort in his garden, is to be sympathized with in the wanton destruction of his garden.

**CALGARY EXHIBITION
AND STAMPEDE OPENS
JULY 5th**

Several innovations will highlight the Calgary Exhibition and Stampede. Officials feel that they have contracted the outstanding Act in rodeo in Dick Griffith of Phoenix, Arizona. Griffiths climaxes his specta-

ular and colorful trick riding performance with a roman standing jump over an automobile. He has been named world champion trick rider several different years, and his act has been presented in Madison Square Garden, New York, for ten consecutive years.

Color and thrills galore will be added by forty Brahma bulls for the bull riding event. Few people realize the viciousness of these hump backed bundles of fury. Only the top riders will tackle them. Slim Pickens, an outstanding cowboy clown from Fresno, California, has been contracted for the Stampede, and, between his bull fighting acts, will amuse the crowd with his antics, and those of his trick mule.

The Thearle-Duffield Company of Chicago, will return this year with a display of fireworks which should be among the greatest ever seen and will be presented Monday, Wednesday and Saturday evenings.

The Ernie Young Booking Agency of Chicago will provide the evening stage attractions and will present a show brought to Western Canada at a cost greater than ever before paid on the Western Fair Circuit. This promises to be a fast moving show in which comedy will predominate.

The outstanding livestock show will also attract a great deal of attention as exhibitors compete this year for the most generous prize list ever offered in Western Canada. Breeders of purebred cattle, horses, sheep and swine will split a total of more than \$23,500.00.

Pattinson's Hardware Aggressive Wide Awake Store....Keeps Abreast Of Times And Maintains Large Stock

The Geo. Pattinson Hardware is well known throughout the entire community. They have kept thoroughly abreast of the times by carrying the latest in hardware supplies and offering a convenient service.

This popular store has been serving the community for over twenty-five years, the store being established in 1923, by Mr. Geo. Pattinson, who operated the firm until his retirement in 1941. The business is now under the management of his son, Mr. Bob. Pattinson, who took over when his father retired.

This hardware store is a progressive institution that is alive and wide awake as to what is going on in the community and

their many years of experience in this business has enabled them to advise on any point concerning hardware lines in a most dependable manner.

The Geo. Pattinson Hardware also carries a complete line of furniture and house furnishings. If you are looking for new furniture, you will find plenty to choose from in their display of beautiful pieces. Knowing furniture and styles so well, they are sure to be able to offer helpful advice if you are in doubt as to what to purchase.

There is no store of more deserving mention than this one. They are constantly striving to keep abreast of the times and in so doing have made the store a real credit to the community.

Les. McDonald And Geo. Mellor Honored

Summit Lodge, A.F. & A.M. No. 30 honored two of its departing members at the Grand Union hotel banquet room on Friday evening. Mr. Les McDonald, former superintendent of McGillivray Creek Coal & Coke Co. Ltd. and Mr. George Mellor, former engineer at International were the honored guests. Program chairman was Joe Emmerson.

Mr. Emmerson voiced his regret and that of the lodge at the loss of two such valued members, Mr. McDonald to Mountain Park, Alberta, where he had secured a position as superintendent of the coal collieries there, and Mr. Mellor to Lethbridge.

Other speakers included M. W. Cooke, W. H. Garner, S. C. Short and W. S. Purvis.

The honored guests were each presented with wallets with their name engraved thereon.

A social evening was enjoyed, a buffet supper and refreshments being served.

The two men left for their respective positions on Saturday.

The Journal has Model 5 Remington Rand portables in stock and students who plan on purchasing their own machines to aid in their typing classes can secure one of these beautiful machines without a moment's delay.

The New 1949 Ford

The 1949 Fords will be introduced in two series. The Custom series includes the Tudor Sedan, shown here, a Fordor Sedan and a Club Coupe. The Deluxe series includes Tudor and Fordor Sedan, Club Coupe and a Business Coupe.

Styled in an advanced, post-war pattern, only five feet three inches high, with low broad contour and full-width interior roominess, the new Ford has a 59 per cent rigid body-and-frame structure, has more than

20 square feet of picture window visibility—the windshield alone is 137 square inches greater in expanse—and its new 100 h.p. V-type eight cylinder engine operates at up to 10 per cent greater economy.

WEDDINGS

PETSUK - NELSON

On Saturday, June 12, at 3:30 p.m. the Brooks United Church was the scene of a very pretty wedding when Annie Isabelle, second eldest daughter of Mr. and Mrs. Louis Nelson, of Brooks, Alberta, exchanged marriage vows with Joseph Petsuk, of Coleman, Alberta. Reverend Allan Dixon, of Brooks, performed the ceremony.

Traditional white satin was worn by the bride who was given in marriage by her father. A net yoke embroidered with silver beads topped her dress and long sleeves tapered to lily points over her hands. The satin skirt was cut away to reveal a ruffled net underskirt in front of her dress. A floor length veil with heart-shaped coronet adorning the bride's head, was gracefully carried by Master Vincent Nelson, nephew of the bride. A mother of pearl heart-shaped necklace with gold bell earrings were the bride's only ornaments. A bouquet of American Beauty roses completed the bride's costume.

Bridesmaids, Miss Florence Mortenson and Miss Alice Nelson were becomingly gowned in exact shades of teal blue taffeta with white gardenias and teal blue nylon net bows placed in their hair to complete their costumes. Both carried bouquets of baby white mums and pink carnations.

Douglas Ingram, of Brooks, was groomsmen and ushers were Messrs. Ken Burke and George Nelson, of Brooks.

During the signing of the register, Mr. Jim Hook sang "Because".

Receiving with the bride and groom were Mrs. Mary Gatto, of Vancouver, only sister of the groom, and Mrs. L. Nelson, mother of the bride. For the occasion, Mrs. Nelson chose a blue and white silk jersey dress complemented by white accessories and her corsage was of American Beauty roses. Mrs. Gatto chose a floral silk jersey dress and completed her ensemble with white and black accessories. Her corsage was also of American Beauty Roses.

A reception was held in the United Church basement following the ceremony with Mr. Allan Dixon presiding as toastmaster and Mr. Norman McAuley, of Coleman, proposing the toast to the bride.

The bride's table was adorned with a three-tiered wedding cake and pink and white candles spaced along the table with pink and white carnations.

For travelling the bride chose a tan gabardine suit with matching hat and green and brown accessories. Her corsage was of Talisman roses which matched those on her hat and she carried a pale green topcoat.

After a honeymoon trip to Calgary and Banff, the happy young couple will make their home in Coleman where the groom is employed.

Bailey Bros. Circus Cancelled

Due to poor weather and road conditions the Bailey Bros. Circus scheduled to appear in Blairmore on Tuesday was cancelled, much to the disappointment of the Pass youngsters.

Music Examiner Here June 21

The University of Alberta is holding practical examinations of the Western Board of Music in Coleman on June 21 when Assistant Professor Eaton of the University of Alberta will visit Coleman as

examiner.

Mr. Eaton was born in Victoria, B. C., where he received his early musical training. In 1936 he began studies at McGill university and graduated with the degrees of Mus. B. and L. Mus. Since that time he has taught choral and instrumental music in Ontario, until his arrival in Alberta last year.

MRS. CECIL COOVER BEREAVED

The death occurred at Hillcrest on June 11th of Mrs. Mary Dudley, mother of Mrs. Cecil Coover, following an illness of seven months. Funeral was held from the Family Residence, Hillcrest, on Sunday with interment being made in the Hillcrest cemetery.

LOCAL NEWS

Mrs. Steve Krzywy was a recent Red Deer visitor where she was the guest of her daughter, Hazel.

Capt. and Mrs. T. Smith, of The Salvation Army, have received orders to farewell from Coleman and take over their new assignment at Wetaskiwin on July 2.

SCENES OF BRITISH COLUMBIA'S WORST FLOOD

The above scene in the Fraser valley shows the main C.N.R. lines being undermined by flood waters boiling up between the ties. Health officials endeavored to inoculate all persons coming to and from the flood areas against danger of typhoid fever.

Flood-stranded cattle were herded down inundated farm roads at Laidlaw, B.C., their course was marked only by tops of fence posts. Flood shortage forced many farmers to shoot their cattle. Small trees in background are almost covered.

The vast farmland area nestled at the base of the Rocky Mountain chain presented desolate scenes like this one near Agassiz, a ghost town after mass evacuation of residents by the navy. Rapid melting of snow in the mountains sent new cascades of water into swollen rivers.

YO, HO ... MR. RIPLEY!!—Here is one for the medical books. Twin infant sisters were born five days (114 hours) apart. They are having their first meal after being released from a hospital at Cheyenne, Wyo. Sharon, at right, is being fed by her mother, Mrs. Jack Ross. She was born April 30 and weighed six pounds, one ounce. Karon, left, with an aunt, was born May 5 and weighed four pounds, one ounce.

ISRAEL'S PRESIDENT WITH TRUMAN—Provisional president of the new State of Israel, Dr. Chaim Weizmann, (right), presents President Truman with a "Torah" after a half-hour conference at the White House, in Washington. The "Torah" contains the first five books of the Old Testament. The famed chaninist would not discuss the nature of his talk with the chief executive.

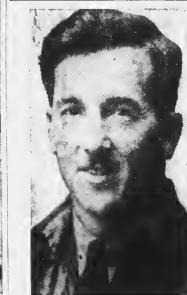

ONTARIO PILOT, 50, KILLED—Horace William "Jimmy" Westaway, 50, pilot for the Ontario Air Services for almost a quarter century, died in the cabin of his government plane when it crashed in the Severn river near Orillia, Ont., during a take-off. W. S. Taylor, a mechanic, received a shoulder injury and Henry Crosswell, a ranger, was not hurt. Officials said the plane was on a routine check-up flight when it crashed near the power plant. They believe it struck an object in the river and nosed over. A short, quiet man, Westaway, formerly of Simcoe, Ont., was a veteran of the First World War. He flew in the Middle East during the 1920's and saw active service during the Second World War, having obtained leave of absence from the department of lands and forests. Above he is pictured filing nicks from the propeller of the plane which crashed.

P.C. ROBERT EDGINTON KEEPEST ERNEST CLARK HOPKINS—Police bullet kills suspect—Shot in a police chase, Ernest Clark Hopkins, 32, failed to survive an emergency operation to remove the slug from his abdomen. Hopkins, police said, was one of two men chased by Constable Robert Edginton after he surprised them at a Toronto restaurant. He was hit by the third shot fired by the constable who, police said, was losing the foot chase after he had run about three blocks. Police said they found almost \$200 in cash and four cigarette lighters in Hopkins' possession. The money has been identified by the owner of the restaurant, Harry Louie.

HUNDREDS BATTLED BLAZE RACING THROUGH 100,000 ACRES OF FOREST—Weary and smoke-begrimed firefighters take time out for a quick bite in the Northern Ontario bush before returning to the losing battle against one of the two major fires which swept nearly 100,000 acres of tinder-dry forest. Blazes in the Mississagi and Chapleau areas raged uncontrolled in high wind, causing the largest fire in northern Ontario's history.

VETERAN DROWNS—Virgil Soes, of Point Anne, Ont., was one of two veterans drowned when their fish-bottomed fishing boat overturned off Point Anne in the Bay of Quinte. The boat and oars were found the morning after the tragedy. The other victim was Rodwell Parsons, 21. Both men left English war wives.

BURNED BY HOT TAR—Jimmie MacFarlane, seven, Toronto, who was burned by hot tar when a tar pot near which he was playing tipped and fell over. "He was so shocked he didn't know his way home," said his grandmother, Mrs. J. Ross.

PALESTINE MEDIATOR—Count Folke Bernadotte, president of the Swedish Red Cross and nephew of King Gustaf V, was named United Nations mediator for Palestine at Lake Success, N.Y. As agent of the security council, he will serve as a neutral figure to whom Jews and Arabs can turn when they are ready to negotiate peace.

OUR COMPLETE SHORT STORY—

MISTAKEN IDENTITY

By TED KIMBALL

Lenny stared into the washroom mirror. Behind him, the stranger also stared. They looked at each other for a long time, too astonished to speak. Then Lenny turned slowly around.

"I never saw anything like it," he said.

The stranger had come into the washroom breathless, worried, glancing apprehensively over his shoulder. Now he had control of himself again. He was suave and smiling and at ease.

"It's amazing," he admitted.

"We could be twins," Lenny said.

The stranger nodded. "My own mother couldn't tell us apart." He reached into his pocket. "I guess we'd better have a cigarette on it."

Lenny accepted a cigarette and supplied the light. They stood smoking and regarding each other in a "rascism."

"I wouldn't have believed it," Lenny said. "Just like two pins."

"You'd fool a million mother," the stranger repeated. Lenny saw that he was still a little nervous. The fingers holding the cigarette trembled almost imperceptibly.

There didn't seem to be much more to say. Lenny glanced toward the door. The stranger held out his hand.

"Just a minute. I was noticing that suit you have on. I like it."

"Do you?" Lenny was surprised. He had bought the suit for fifteen dollars, second-hand. He wasn't very proud of it.

"I've been trying to get one just that color," the stranger said. "My wife says I should get all my suits that color."

Lenny waited. The stranger was well dressed, in a light coat of some expensive material. Lenny guessed that it would have cost him around a hundred dollars.

"You wouldn't want to trade, would you?" the stranger asked.

Lenny thought it over and couldn't see any reason not to. It wasn't a fair exchange, but he wasn't the one who was getting stung.

"If you want," he said. "I don't care."

The stranger was already peeling off his coat. "Lucky we bumped into each other," he said. "Not often a trade makes both sides happy."

They completed the exchange in silence, finally transferring the contents of their pockets. Lenny buttoned his new coat and looked at himself in the mirror.

"How do you like it?" the stranger asked.

Lenny said, "Fine. Fits like a glove."

"Me, too. Everybody's happy, then, Shake?"

Lenny said, "Sure." They shook hands. He nodded toward the door.

"Coming?"

The stranger said, "No. You go ahead. I want to wash up a bit."

"Right." Lenny opened the door and walked out into the hotel lobby.

A small, dark man with shifty eyes set close together in a weasel face was leaning nonchalantly against a pillar. When he saw Lenny he tossed away the butt of a cigar and came forward. He blocked Lenny's path across the lobby.

"Olaf, Weaver," he said in a flat, bored voice. "I want my fifty bucks."

Lenny stared at him.

"What fifty bucks?"

"You know what fifty bucks, Weaver. I been tailing you. I saw you go in that washroom. Now I want my dough."

Lenny had expected something like this to happen. He wasn't surprised.

"My name's not Weaver," he said.

The small man laughed without humor.

"Quit kidding," he sneered, "and quit stalling. I want my dough and I mean to get it." He had his right hand in his pocket and there was something in the hand, something bulky.

Lenny shrugged. He reached into his own pocket and brought out a roll of bills. He stripped off five tens and handed them to the small man.

The man took the money. "Next time I don't want to have to come after it," he said.

Lenny nodded. "Okay." He watched the small man leave the hotel, and then he crossed the lobby and stood behind a pillar.

After a while the stranger came out of the washroom, wearing Lenny's fifteen-dollar suit. He looked carefully around the lobby and a wide grin came over his face. He lit a cigarette and stroled jauntily toward the doors.

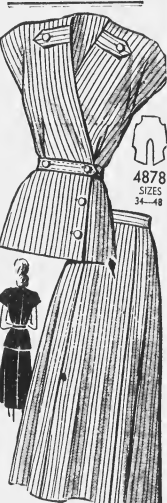

Before he reached them, two men wearing derbies and smoking cigars—detectives—fell in beside him and grabbed his arms.

There was a brief struggle. The stranger protested in angry bewilderment.

Lenny didn't want to hear what he was saying. He could guess that instead he turned and left the hotel quickly by a side door.

Fashions

Sew-Easy Two-Piecer

By ANNE ADAMS

This costs so little in time, money and effort! No shoulder seams, pattern pieces at a minimum—no seat, trim, slimming. Pattern 4878 is smartly suited for now and summer!

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions.

Pattern 4878 comes in sizes 34, 36, 38, 40, 42, 44, 46, 48. Size 36 takes 4½ yards 35-inch fabric.

Send twenty-five cents (25c) in coins (stamps cannot be accepted) for this pattern. Write plainly size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermott Ave. E., Winnipeg, Man.

UNDER GOVERNMENT CONTROL

CANORA, Sask. — The village of Sten on 18 miles north of Canora was put under government control when the department of municipal affairs appointed H. Namurak, village secretary, as business manager for the village. The matter was started when the village council broke up on the decision of having a vote taken to join the Canora union hospital district.

MADE IN AUSTRALIA

SYDNEY, Australia. — First samples of Australian-made stainless steel table knives were received by the Australian retail trade recently. Australia has previously relied upon imported stainless steel from Sheffield, England.

CHAMPION STEERS—Insert—Champion steer in the carcass class at Saskatoon Fat Stock Show was a Hereford shown by M. Southam, Kinistino, Sask.; it brought \$1,000 per lb. dressed. The reserve champion steer at Saskatoon was owned by Eddie Lang of the Craik Baby Beef Club (at the halter).

Western Briefs

EDMONTON. — City council approved sale of seven city-owned lots for \$150,000, the preliminary step in plans of a Montreal concern to build a 15-story, \$6,000,000 hotel in downtown Edmonton.

MOOSE JAW, Sask. — Opposition to amendment of a "vulgar nature" provided at provincial exhibitions and country fairs was registered at the Saskatchewan conference of the United Church. Appreciation of work done among boys and girls to stimulate their interest in agricultural and industrial life of the nation was expressed. But "deep regret" was affirmed that amusements at many fairs have come to be the main attraction.

BANFF, Alta. — John Norison Finlayson of Vancouver was installed as president of the Engineering Institute of Canada, at the 62nd annual convention at the Banff Springs Hotel.

He succeeds L. F. Grant of Woodstock, Ont. Flood control remained one of the key problems facing the engineers at the closing sessions.

MORDEN, Man. — Another step has been taken in the provision of a water and sewage system for Morden as the result of negotiations members of the town council have had with the Manitoba Public Utility board. A bylaw will be prepared by the council, submitted to the board, and if it meets with the approval of the latter body a vote in the local improvement area will be taken.

EDMONTON. — A record year for Alberta business was forecast by Hon. J. L. Robinson, industries and labor minister for the province. The cabinet minister released figures showing that except for coal and customs receipts, all Alberta production during the first two months of 1948 was higher than for the same period in 1947.

SELECTED

RECIPES

BAKED CUSTARD

Instead of cooking the above mixture over hot water, strain into custard cups or a mold set in a pan of water. Bake in a slow oven (325 deg. F.) until firm. Custard is delicious when puffy on top and firm in centre, or when a silver knife, inserted in the centre, comes out clean.

SOFT CUSTARD

1 pint milk scalded
2 egg yolks
1 cup sugar
Flavoring
Speck of salt

Beat eggs, add sugar and salt and scalded milk slowly. Cook in a double boiler, stirring constantly until the mixture coats the spoon, add flavoring.

ALL IN DAY'S WORK

NEW YORK. — A bugler and a drummer in a police department band did double duty when they were informed a man in the audience at a Central park band concert was wanted for car theft. The two musicians stepped out of ranks and arrested him.

KING ALFRED'S CLOCK

A candle clock, consisting of candles marked off in inch sections, was devised by Alfred the Great, of England. Each candle burned four hours.

DOES INDIGESTION WALLOP YOU BELOW THE BELT?

Help Your Forgotten "28" For The Kind Of Relief That Helps Make You Ready To Go

More than half of your digestion is done below the belt—in your 28 feet of bowels. So when indigestion strikes, try something that helps digestion in the stomach AND below the belt.

What you may need is Carter's Little Liver Pills to give needed help to that "Forgotten 28" feet of bowels.

Take one Carter's Little Liver Pill before and one after meals. Take them according to directions. They help wake up a larger flow of the main digestive juices in your stomach. A Little Liver Pills help you digest what you have eaten in Nature's own way.

There must first be a kind of relief that moves you feel better from your head to your toes. Just take one or two genuine Carter's Little Liver Pills from your drugstore—36c.

Test Anti-Mud Slide Discovery At Calgary

CALGARY.—First Canadian application of a system of electromos to prevent mud slides—a German wartime discovery—was made on a steep hill threatening more than a score of Calgary homes.

The experiment, which involved forcing of drainage by using an electric current, started on a 90-foot ride on Sunnyside Hill here.

A mudslide on the hill, situated on the north bank of the Bow River, forced 63 persons to flee from their homes recently. A number of dwellings suffered minor damage and a garage was demolished.

Electromos involves the drawing out of moisture from the hillside and forming a dry barrier across the brow of the hill. Direct current is forced into the ground through a number of electrodes.

Officials in charge of the experiment hope that the semi-dry barrier along the face of the hill will prevent crumbling of the edge. The process was discovered by a German scientist now living in England. It was first used in constructing the German submarine pens at Trondheim, Norway.

The process requires a direct current to the electrodes which are fixed in water pipes set vertically in the ground. The current draws the water in the vicinity through the ground to the pipes much as a magnet draws iron filings. Once in the pipe, the water is pumped out either manually or automatically to a nearby sewer system.

Prof. R. M. Hardy, Dean of Engineering at the University of Alberta, and Prof. J. A. Harle of the same department, say they are pleased with the initial results of the experiment which is under their direction.

However, they say that it will "be some time yet" before success, or failure, of the experiment can be known.

Dean Hardy said the process, if successful, "will be far more economical than conventional drainage methods."

LOCAL NEWS

Mr. Sam Sagoff travelled to Lethbridge on Monday afternoon to purchase additional heavy machinery.

Mrs. Del. Harding and two children, of Brandon, are the guests of Mrs. Harding's parents Mr. and Mrs. Joe Emmerson for a month.

Mr. and Mrs. Ernest Hill returned home at the week-end following two weeks vacation at Vancouver. Highlight of their trip was in travelling both to and from the coast in the giant North Star TCA planes. While in the city they met several former Colemanites.

Mrs. E. Fabro and two children returned home on Sunday afternoon following a few weeks vacation spent at Kimberley visiting relatives.

Miss Shirley Hulbert and Mr. Charles Patton motored to Coleman last Wednesday. Miss Hulbert visited at the home of her parents, Mr. and Mrs. H. Hulbert while Mr. Patton was the guest of Mr. Wm. Noton.

Mrs. Joe DeLuca and Mr. and Mrs. O. Bomben have been in Calgary for more than a week owing to the illness of Mr. Joe DeLuca. A telephone call on Sunday evening from Mrs. DeLuca revealed that her husband was improving in health.

Mrs. Bowen and children, of Gratiotown, left on Saturday for Waterways, Alberta, where they will join Mr. Bowen who only recently secured a position as engineer in that town.

Mr. and Mrs. George Hibbert, of Edmonton, arrived here at the week-end to spend a vacation with Mr. and Mrs. Alf. Phillips. On Tuesday morning Mr. and Mrs. Phillips and their guests left by car on a vacation. Only road conditions would determine whether they vacationed in the Kootenays or at Great Falls, Montana.

Mr. Harry Harris returned home last week after a vacation spent at Vancouver. The highlight of his trip was meeting his brother, member of the crew on an ocean-going ship, after twenty two years separation. In addition Harry met a great number of former Colemanites and visited several in their homes.

Born: To Mr. and Mrs. J. Wilkie at Brooks General hospital on Tuesday, June 15, a son.

Mr. and Mrs. John Anderson left on Tuesday for their old home in Ffeshire, Scotland, where they will reside in future. They will join their son John at Winnipeg, where he has been visiting relatives for a few days. They sail on June 25th on the Aquitania.

The wedding took place at Bassano on Wednesday, June 16, of Mable Elizabeth, youngest daughter of Mr. George Snood, formerly of Coleman and Blairmore, to Mr. Robert Glen White, of Calgary. The ceremony was held in St. Mary's church with Canon A. D. Currie officiating.

Choral Society

(Continued from Page 1)

first public appearance in some years. Mrs. Duncanson rendered two fine contralto solos which were enhanced by a violin obligato by John Graham.

A duet by the sister act, Mrs. J. Christy and Miss Janet McCulloch was particularly noteworthy for the fine blending of voices. Two female trios consisting of Mesdames J. Jamieson, R. Watson, J. Milo, and R. Cousins, B. Newsome, and Miss T. Korchuska also sang artistically four sprightly numbers.

Probably the feature of the smaller groups was the male section of the choir singing a group of Sailor Shanties with the verve and abandon of rollicking seamen.

To balance the program both Evan Gushul, and John Graham played a group of highly appreciated violin numbers while Chrissie Blyth performed ably in two piano solos.

Isabel Ewing was the accompanist, with Stanley Kilish, Uno Newsome and Mrs. Duncanson also assisting the soloists at the piano.

At the close Miss Margaret Johnson presented the leader with a bouquet of roses to show the appreciation of the choir for her work.

Following the Friday performance a light lunch was served at which President Reuben Johnson and Ray Spillers expressed their appreciation for the work of the conductor and accompanist in a very practical way.

Mr. Johnson appealed to the group to come back with renewed vigor in the autumn so that with an augmented choir they might aspire to better and better performances. The Coleman School Board were also warmly thanked for their co-operation in making the concert possible.

The Churches

ST. PAUL'S UNITED CHURCH
Rev. R. Magowan, D.D. Pastor
11 a.m. Communion. Meditation theme "A Table Spread".
12.15 noon Sunday school.
7.30 p.m. Mr. John C. Kay, Minister of the Bellevue Charge will be the guest preacher.

Parents and children are reminded that a two-week Vacation School for children—ages 4 to 12, will start on Monday, July

5th. This School will be under the direction of Miss H. Bartling, B.A. of Lethbridge, who, with the assistance of local workers will provide during every forenoon (except Saturday) an enjoyable and helpful period of worship, and play.
